## Profile

Second-year engineering student in Computer Science and Telecommunications at INP–ENSEEIHT. Strong interest in networking and software development. Seeking a **2–4 month internship starting June 2026**, with openness to a third-year apprenticeship. Motivated, team-oriented, and eager to contribute to real-world technical projects.

## Education

<b>Engineering Degree in Computer Science and Telecommunications (ongoing)</b> INP–ENSEEIHT, Toulouse, France	2024 – 2027
• Specialized in Digital Sciences (currently in 2nd year of the engineering cycle). • Expertise in networks, telecommunications, algorithms, and programming.	
<b>Label Handimanagement – Companieros Certification</b> <i>Grade: 19/20</i> – Training on professional integration of disability and inclusive management.	Sept – Dec 2025
<b>Preparatory Classes for Engineering Schools (CPGE – MP)</b> Lycée Omar Ben Abdelaziz, Oujda, Morocco	2022 – 2024
<b>Baccalaureate in Mathematical Sciences</b> Lycée Omar Ben Abdelaziz, Oujda, Morocco	2021 – 2022

## Experience

<b>Network Technical Assistant (Temporary Position)</b> Lycée Voltaire, Paris, France	Jun – Jul 2025
• Configuration of LAN infrastructure and administration of proxies to secure the CCINP national exam. • Operational maintenance to guarantee the technical progress of the tests.	
<b>Math and Physics Tutor</b> Completnet Tutoring, France	Dec 2024 – Present
• Provided academic support to students with adapted teaching methods. • Strengthened problem-solving skills and logical reasoning.	
<b>Class Representative – CPGE MP</b> Oujda, Morocco	2022 – 2024
• Liaison between students and administration; organization and management of group needs.	

## Academic Projects

<b>Simplified Internet Service Provider (ISP) Network</b> INP–ENSEEIHT	2024 – 2025
• Design of a multi-router ISP network with static and dynamic routing (RIP, OSPF).	
<b>MiniShell – Unix Command Interpreter (C)</b> INP–ENSEEIHT	2024 – 2025
• Process management ( <code>fork</code> , <code>exec</code> ), signals, redirections, and pipes.	
<b>Smart Meal Management Application (Java, OOP, Swing)</b> INP–ENSEEIHT	2024 – 2025
• Inventory management, expiration alerts, and ingredient-based suggestions.	

## Skills

**Technical:** Python, Java, C, ADA, SQL, MATLAB, HTML/CSS

**Tools:** Word, Excel, Power BI, PowerPoint

**Soft Skills:** Teamwork, Communication, Certified in Inclusive Management, Leadership, Autonomy, Adaptability.

## Languages & Interests

**Languages:** French (Bilingual), English (Advanced), Arabic (Native), Spanish (Beginner)

**Interests:** Football (FFSU Referee), Photography, Travel, Swimming
